

Design Guidelines

System requirement:

Android Mobile Application

URL Reference Guideline:

<http://www.leacov.com/>

Android icon sizes

Size Category	Width x Height (Pixel)
LDPI	36 x 36
MDPI	48 x 48
TVDPI	64 x 64
HDPI	72 x 72
XHDPI	96 x 96
XXHDPI	144 x 144
XXXHDPI	192 x 192

Android splash screen sizes

PORTRAIT	Width x Height (Pixel)
LDPI	200 x 320
MDPI	320 x 480
HDPI	480 x 800
XHDPI	720 x 1280
LANDSCAPE	Width x Height (Pixel)
LDPI	320 x 200
MDPI	480 x 320
HDPI	800 x 480
XHDPI	1280 x 720

*Please learn how to create 9-patch image for Android splash screen:
<http://developer.android.com/tools/help/draw9patch.html>

Color Base:

Yellow, white and dark blue (#0d1720)

Application flow:**1. Splash Screen**

Nothing much in this screen, only show a few minutes and auto-redirect into login screen.

My suggestion:

- Put background image related to education topic and make it opacity effect so it looks nice as a background.
- Put leacov logo (get from leacov website) and slogan if any
- Put the progress bar below to indicate percentage (from 0-100%)

2. Login Screen

- Put text welcome label
- Login form components, such as: email address text field, password text field and button login.

3. Dashboard

- Put summary of total trainer
- Summary of latest notification in bullet point
- Reminder tasks in bullet point

4. Open Menu

- Dashboard
- My Profile
- Schedules & Assignments
- Notification
- Attendance
- Learning Materials
- Logout

Good luck. If any doubt, please ask me. I will definitely help you. Cheers!

From Fandy Handsome :P
